EDUCATION

East Central University

Bachelor of Science in Computer Science | Minor: Information Systems. Dean's List; President's Honor Roll: Spring 2026; International Tuition Grant (\$10,000/yr; 2024-2026). GPA: 3.50/4.00.

Ada, OK
Expected Dec 2027

PROJECTS

Automated Data Sanitization & Mapping Tool

Python

- Built a Python script to sanitize and map user-submitted data, enforcing name length constraints and numerical parameter validation to ensure clean, consistent input.
- Developed a modular validation module that verified input against defined field requirements, flagging out-of-range values before processing.

Rock, Paper, Scissors CLI Engine

Python

- Engineered a modular command-line game using separate logic layers for user input, computer choice generation, and winner evaluation.
- Built an emoji-mapped interface and real-time score tracking system using random selection, loops, condition checks, and input validation.

Personal Portfolio Website

HTML | CSS | JavaScript

- Designed and deployed a responsive portfolio via GitHub Pages showcasing Python projects, technical skills, and academic background using a clean, pastel-themed UI.

Hatch & Hunt

HTML | CSS | JavaScript

- Developed an interactive, Easter-themed web application recognized on the Programiz Wall of Inspiration for exceptional UI/UX design and originality.
- Built a responsive user experience using custom interactivity and responsive design principles.

EXPERIENCE

Market Research Analyst

Global Opportunities Nepal

May 2023 – Dec 2023

Kathmandu, Nepal

- Analyzed data on US universities to identify top academic programs and admission trends for international students.
- Synthesized findings into placement reports supporting the successful placement of approximately 50 students.
- Coordinated the application process by managing technical documentation and verifying compliance with US university standards.

Data Content Specialist

Global Opportunities Nepal

May 2023 – Dec 2023

Kathmandu, Nepal

- Researched US study abroad trends to produce targeted TikTok video content and advertising templates that increased student engagement.
- Designed marketing assets from collected data and maintained students' application records for prospective applicants.

SKILLS

Languages: Python, HTML, CSS, JavaScript

Technical Skills: Data Validation, CLI Development, Scripting, Responsive Web Design, Version Control (Git/GitHub)

Tools: GitHub, VS Code, Jupyter Notebook, Microsoft Office (Word, Excel, PowerPoint)

CERTIFICATIONS

- Learn Python Basics, Programiz - Issued Feb 2026
- Data Fundamentals, IBM - Issued Sept 2025
- Intro to Programming, Kaggle - Issued Sept 2025

AWARDS & HONORS

- Wall of Inspiration Feature (Hatch & Hunt): Programiz April Challenge | Apr 2026
- Best Beginner Build: Programiz March Challenge | Mar 2026
